NEP TESTIMONIALS

Nep Cafe is one of the best places to eat in OC. They offer some of the best dishes with delicious flavor profiles from breakfast to dinner. The service was amazing as the waiter was very professional and knowledgeable. The scenery of the restaurant was also nice and comfortable.

10/10 overall experience from the ambiance, service, to food! Place is super cute and feels very upscale with the modern decor, set up, and dimmed lighting/fixtures. The kitchens opened upfront you see their whole assembly. Staff is fast and attentive. Super friendly.

ANONYMOUS

The restaurant felt open with high ceilings and a lot of bright light. The staff were all very pleasant and patient.
